

The Pine Street Enrichment Program

Our after-school program has been going strong with students from Choptank, Sandy Hill and Maple Elementary schools. They have been reading, working on math problems, doing arts and crafts, and having fun outside. They also receive a meal each day. Some of the children are working with our volunteers for one-on-one tutoring.

We currently have some openings in this program. If you would like to enroll your child, please talk to Tammy Washington at the Empowerment Center. **410-901-1397**

Announcement:

Sharon Chester, formally our program director, is now our part-time Executive Director.

Judy Prah, formally a volunteer, has been hired as our Director of Growth and Development.

Congratulations! These two dynamic women will surely lead us in expanding our programs and serving the community.
